

SHARE YOUR HEALTH AND VITALITY WITH SOMEONE IN NEED

Meet Noel, a happy, sharing, social 7 year old boy who is need of a bone marrow transplant to save his life. A world wide search that was performed over a year ago and they did not find a single match for Noel. He is in desperate need of an unrelated donor.

Here is how you can help!

* If you are between the ages of 17 and 50 years old, in general good health and have provincial health coverage and willing to donate to any patient in need you could be the one to save someone's life.

* Bring your Alberta Health Care card

* Do not eat or drink 30 minutes prior to registering

* You will fill out an informed consent form and then have your cheek swabbed

* The entire process takes only 20 minutes

* We will have drinks and treats available for when you are done your registration

If you are a match to someone, the stem cell/bone marrow donation process is in most cases similar to donating blood.

Noel's Swab Clinic

Tuesday, October 5, 2010

1:00-6:00 pm

St. James Elementary & Jr. High School

2227 - 58 Avenue S.W.

(a few blocks behind Central Memorial School)
